## CARE INSTRUCTIONS

### Clean

- Dust off with a soft dry cloth only.
- For cleaning, use a mild cleansing agent. Do not use agents with sanding properties or which contain ammonia or bleach.

### Stains

- Take care of spills immediately. Absorb the spill with a clean white cloth or paper towel. Gently dab the surface and lift the stains.

### Avoid

- Keep the furniture away from direct sunlight and away from heat sources; excessive exposure to sunlight may fade the colour of the upholstery.
- To protect furniture from moisture, avoid placing the furniture in direct contact with damp walls. In case of contact, wipe the furniture promptly with a dry, soft and lint-free cloth.
- Always use a coaster and mats while placing hot, cold or wet materials on the furniture to avoid surface damage.
- Always lift and place furniture pieces while repositioning. Dragging the furniture over a prolonged period of time can weaken the joints.
- Avoid using furniture polish, chemical solvents and cleaners for our range of children's furniture.
