CARE INSTRUCTIONS

Clean

Dust off with a soft dry cloth only.

For cleaning, use a mild cleansing agent. Do not use agents with sanding properties or which contain ammonia or bleach.

Stains

Take care of spills immediately. Absorb the spill with a clean white cloth or paper towel. Gently dab the surface and lift the stains.

Avoid

Keep the furniture away from direct sunlight and away from heat sources; excessive exposure to sunlight may fade the colour of the upholstery.

To protect furniture from moisture, avoid placing the furniture in direct contact with damp walls. In case of contact, wipe the furniture promptly with a dry, soft and lint-free cloth.

Always lift and place furniture pieces while repositioning. Dragging the furniture over a pro- a longer period of time can weaken the joints.

Always use a coaster and mats while placing hot, cold or wet materials on the furniture to avoid surface damage.

Avoid using furniture polish, chemical solvents and cleaners for our range of children's furniture.
