Highlights

Powerful motor

High power 650W motor supports blending of even the toughest ingredients like dal, spinach tomato puree and get the finest and smooth results. This powerful motor supports blending of hot and cold ingredients without any breakdowns. Butter churning, making multigrain smoothies, blending thick soup and dips is now made easy. Enjoy healthy homeade food made effortlessly!

Sharp blades

The handblender comes with high grade blades for smooth blending experience of hot and wet ingredients.

Blade guard

The steel rod comes with optimized blade guard design to minimize splashing and also ensures safe operations while blending and churning of ingredients.

Single-button release

Specially designed single button release supports easy attachment and de-attachment of the steel rod. Very convenient for daily usage.

Better grip

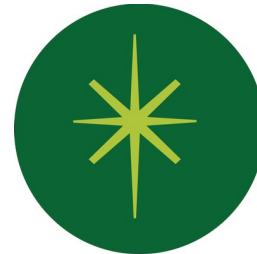

Handblender is ergonomically designed such that it is easy to hold with better grip. The robust and ergonomic design offers convenience and ease of use for consumers.

Easy to Clean

Fewer parts and attachments makes cleaning experience a delight. Most of the parts of the blender have less grooves and no sharp edges so that it is easy to clean and maintain.

Hassle free experience

Rust free high grade steel provides safe and hassle free experience.

Dishwasher safe

The hand blender is designed in such a way that it is easy and safe to clean using dish washer.
