- Easy to use

PHILIPS

Highlights

Variable pulp selection

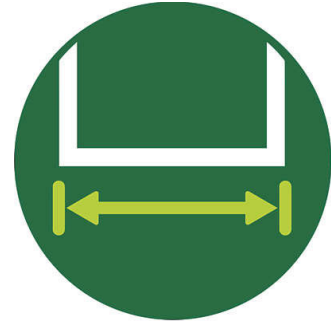

Sieve adjuster enables you to choose the pulp level in your juice basis your preference. Now avoid the hassle of adding back pulp to your juice.

2 sized cones

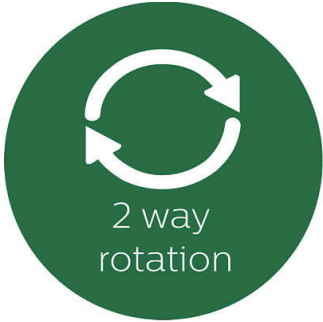

The citrus press has two pressing cones of two different sizes. This makes it convenient for pressing both large and small citrus fruits. Use any cone as per the requirement.

Compact & Easy to carry

The new design with its sturdy base makes it very compact and portable thus making it very user friendly. The bowl has ergonomically designed handles for easy lifting and pouring.

2 way rotation

The 2 way rotation helps you in extracting citrus juice upto 80%. It works on 25W power motor ensuring maximum juicing within minutes.

Easy viewing

The fully transparent bowl enables you to view the juice extraction process.

Easy to use

The individual parts can be easily assembled/ disassembled for juicing and washing.

Juice level indicator

The fully transparent bowl enables one to monitor the volume of juice collected. Stop extracting once you reach 1 L to avoid spillage.
