Maintenance

1.  Clean the NanoProtect filter Series 3 (FY3430/10)

2.  Replace the NanoProtect filter Series 3 (FY3430/10)

When display shows

- Time to clean the NanoProtect filter Series 3

When display shows

- Time to replace the NanoProtect filter Series 3

 • Press  to check filter lifetime status.
 • Press  for 3 seconds to reset after cleaning or replacing filter.

The filter may produce smell after being used for a while because of the absorption of indoor air. Remove the filter and place it where it has direct sunlight and ventilation for several hours. Re-install and try using it again. If the odor remains, please replace the filter.
