LOWA
100 YEARS

FUSION LO

FEATURES

If tired feet need extra treatment, they are in good hands in the Lowa Fusion Lo. This is ensured solely by the anatomical shape of the sock-like upper concept, which fits snugly like a second skin and is additionally reinforced on the inside to relieve the stressed arch of the foot. The stretchy properties of the knit material allow for a smooth entry and exit, which is made even easier thanks to the two tabs on the elastic border. In order to increase the already perfect walking comfort

MRP: 14,999/- | lo-310415-3099

**STABILITY
FRAME**

A special frame design known as LOWA MONOWRAP® provides an extra degree of stability.

**ANATOMICAL

DYNA^{PU}

provides noticeable cushioning with every step.

TAURUS PRO GTX LO

FEATURES

Whether it's a long walk or a hike on paved paths, the TAURUS PRO GTX LO feels at home everywhere. The light and discreet multifunctional low shoe, whose LOW-CUT upper made of suede and robust textile fabric offers the necessary comfort, ensures the best comfort at all times thanks to a waterproof GORE-TEX lining. In the TAURUS PRO GTX LO model, the midsole in the form of the LOWA-MONOWRAP frame ensures maximum comfort.

MRP: 15,999/- | lo-310519-0999

**SINGLE
INJECTION**

The single-injection midsole is directly injected onto the footwear.

**SUPPORT
FRAME**

A special frame design known as LOWA MONOWRAP® provides stability.

GTX LO SHOES

FEATURES

When you look beyond the casual leisure-time appearance of the models, you will find a true multitalent that deftly brings two completely different worlds together. Mountaineers will certainly be reminded of the typical qualities they see in approach boots, things like the protective layer of PU film that covers the heel and forefoot area as well as the edged profile design.

MRP: 19,999/- | lo-310545-7898
